What is the PPSR?

The Personal Property Securities Register (PPSR) is the single, national online database of security interests in personal property in Australia.

Personal property generally includes all forms of property other than land, buildings and fixtures.

Buyers can check the PPSR to see if the valuable second-hand goods they want to buy are debt-free and safe from repossession.

Businesses selling on terms, such as retention of title or consignment, or leasing, renting or hiring out valuable goods for more than two years can register their security interest on the PPSR.

Can the PPSR benefit you?

The PPSR can benefit your business if you:

- sell goods under retention of title or consignment arrangements
- hire, rent or lease valuable goods, machinery or equipment to others for more than two years
- buy or sell valuable used goods
- are seeking to raise finance using stock or other personal property as collateral.

The PPSR is accessible online 24/7 and search results are immediate.

HOW DOES THE PPSR PROTECT YOUR BUSINESS?

Sellers

If you sell to your customers on terms, such as retention of title, or lease out goods for more than two years, you can register your interest in the goods on the PPSR. This can help you claim them back if your customer doesn't pay or becomes insolvent.

Buyers

Before you buy, you can check the PPSR to see if valuable goods, such as used cars, stock, equipment, machinery or boats, are debt free and safe from repossession.
